Judge Harpring:

We have watched with interest and some dismay, the discussions & polarization between our neighbors for and against the UCSA in Hillcrest Bay.

Our home is at the very top and rear of the complex. We have a spectacular view of the lake and overlook a veritable sea of poles and wires. This is a very special and unique place in the Southwestern Desert and we feel that every effort should be made to bury the utilities.

We also believe that everyone who lives here should feel secure in their homes. We therefore pledge \$1,000.00 to assist any homeowners in the complex who demonstrates a legitimate need in the Court's opinion, for assistance. We remain committed FOR the conversion.

Sincerely,

Norman Dump
